DR3_017_07 Acceptances by detailed subject group and domicile

UCAS

Statistic: Number of Acceptances

Variables: Subject Group (Detailed Level), Applicant Domicile (High Level), Acceptance Route, Cycle Year

Coverage: UK domiciled

Definitions

Acceptance Route

The acceptance route through which the applicant was placed. Please refer to definitions page for full description.

Applicant Domicile (High Level)

Applicant's area of permanent residence summarised at a high level, individual UK country. This variable is derived from domicile as declared by the applicant and does not guarantee fee status. See the additional technical notes at www.ucas.com for coverage and trends for Scotland.

Subject Group (Detailed Level)

Classifies courses into a detailed level of 215 subjects. Each course is assigned up to three valid JACS3 subject codes (e.g. G100 – Mathematics) and a course balance indicator by UCAS, which are available for review by the provider. The course is assigned a subject based on these JACS3 subject codes and balance indicator, it largely correlates to the first two characters of the subject codes. Where there are more than one JACS3 subject codes for a given course, and the balance indicator is dual or triple, the first two characters of each subject code are reported in combination to a relevant category (e.g. Course with dual balance indicator with JACS3 subject codes L370 = Social Theory and M900 = Others in Law is assigned a subject 'Y Combs of soc studies/law'). Please note: Between 2007 and 2011 the subject codes assigned to each course were from the JACS2.0 classification, therefore JACS3 versions of the subject categories have been approximated for 2007 to 2011 to allow a consistent time series.

Cycle Year

The cycle in which the application was processed.

Number of Acceptances

Acceptance is defined as an applicant who has been placed for entry into higher education.
