

# End of Cycle 2017 Data Resources

## DR3\_034\_03 Applications by detailed subject group and POLAR3

UCAS

**Statistic:** Number of Applications

**Variables:** Subject Group (Detailed Level), POLAR3 Quintile, Cycle Year

**Coverage:** Applications through the main scheme, UK domiciled and 18 year olds

### Definitions

#### POLAR3 Quintile

Developed by HEFCE, POLAR3 classifies small areas across the UK into five groups according to their level of young participation in Higher Education. Each of these groups represents around 20 per cent of young people and is ranked from Quintile 1 (areas with the lowest young participation rates, considered as the most disadvantaged) to Quintile 5 (highest young participation rates, considered most advantaged). These groups are assigned using the postcode declared by the applicant at the time of their application. If a UK postcode is invalid, considered unsafe for measurement or there is no link to Census geography possible then the applicant is classified as 'Not Assigned'. Please note: POLAR3 is only relevant for applicants aged 19 and under domiciled in the UK (as determined by EXACT definitions of age and domicile - please see relevant definition for more details), therefore any applicants outside of this cohort are classified as 'Not Applicable'. Following the inclusion of 2015 application cycle data a small change was made to allow for the assignment of POLAR3 to any new postcodes from 2011.

#### Subject Group (Detailed Level)

Classifies courses into a detailed level of 215 subjects. Each course is assigned up to three valid JACS3 subject codes (e.g. G100 – Mathematics) and a course balance indicator by UCAS, which are available for review by the provider. The course is assigned a subject based on these JACS3 subject codes and balance indicator, it largely correlates to the first two characters of the subject codes. Where there are more than one JACS3 subject codes for a given course, and the balance indicator is dual or triple, the first two characters of each subject code are reported in combination to a relevant category (e.g. Course with dual balance indicator with JACS3 subject codes L370 = Social Theory and M900 = Others in Law is assigned a subject 'Y Combs of soc studies/law'). Please note: Between 2007 and 2011 the subject codes assigned to each course were from the JACS2.0 classification, therefore JACS3 versions of the subject categories have been approximated for 2007 to 2011 to allow a consistent time series.

#### Cycle Year

The cycle in which the application was processed.

#### Number of Applications

Application is defined as a choice to a course in higher education through the UCAS main scheme. Each applicant can make up to five choices, which was reduced from six in 2008. The number of applications does not include choices made through the following acceptance routes: Clearing, Extra, Adjustment and RPAs.

UCAS: DR3\_034\_03 Applications by detailed subject group and POLAR3 (Applications through the main scheme, UK domiciled and 18 year olds)

| Subject Group (Detailed Level), POLAR3 Quintile |                   | Number of Applications by Cycle Year |        |        |        |        |        |        |        |        |        |
