

End of Cycle 2017 Data Resources

DR4_020_01 Acceptances by provider, entry year and domicile

UCAS

Statistic: Number of Acceptances

Variables: Provider Name, Applicant Domicile (High Level), Entry Year

Coverage: UK domiciled and direct entry or deferred by one year

Definitions

Applicant Domicile (High Level)

Applicant's area of permanent residence summarised at a high level, individual UK country. This variable is derived from domicile as declared by the applicant and does not guarantee fee status. See the additional technical notes at www.ucas.com for coverage and trends for Scotland.

Provider Name

The Higher Education Provider (HEP) at the time of the application. This does not take into account any mergers or rebrands, for example if HEP A and HEP B merged to become HEP A in 2012, all applications and acceptances will be reported as HEP A from 2012 onwards. Prior to 2012 all applications and acceptances will be reported as HEP A or HEP B as appropriate.

Context notes:

University of East London (E28): In the 2017 cycle a large number of RPAs were not recorded for the University of East London (E28). The actual values for the total number of placed applicants and the number admitted through RPA for this provider will be 862 higher than those reported.

***Further context notes provided by individual providers marked with an asterisk are available to view on www.ucas.com.**

Entry Year

The academic year of intended entry into the HE course. This may not be the same as the application cycle year in the case of deferred applications. Only applications for direct entry or deferred by one year are counted. Values are displayed for years in which the provider had at least one acceptance for two years in a row. See technical notes for further details.

Number of Acceptances

Acceptance is defined as an applicant who has been placed for entry into higher education.
