VISITING TOP TIPS!

Be prepared – make the best use of your time and plan to visit the stands which are of most interest to you.

Study the seminar programme and arrive five minutes before the start.

Get all the information about the universities and courses you're interested in – take information home to study at a later date.

Ask questions, lots of questions! The exhibitors are here to help you, make the most of them.

Most importantly **have fun!** There's a lot going on throughout the day, so get involved!

DOs AND DON'Ts FOR PERSONAL STATEMENTS

DOs

- Do show you know your strengths and can outline your ideas clearly.
- Do be enthusiastic – if you show you're interested in the course, it may help you get a place.
- Do expect to produce several drafts of your personal statement before being totally happy with it.
- Do ask people you trust for their feedback.

DON'Ts

- Don't exaggerate – if you do, you may get caught out in an interview when asked to elaborate on an interesting achievement.
- Don't rely on a spellchecker, as it will not pick up everything – proofread your statement as many times as possible.
- Don't leave it to the last minute – your statement will seem rushed, and important information could be left out.
- Don't let spelling or grammatical errors spoil your statement.

Remember

You can write up to 4,000 characters of text to show why you'd make a great student.
