LINKING CURRICULUM LEARNING TO CAREERS

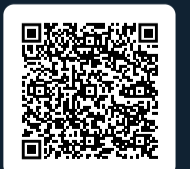

Your students can start their research in the UCAS Hub the minute you start talking about careers. It's not just an application form. Get them started here and give them the tools to explore, experience, and refine their options with:

- Personalised journeys
- Apprenticeships, university, college, and conservatoire courses side-by-side
- Live interactive sessions with employers, unis, conservatoires, and careers experts
- Careers matched to their personality
- Ideas on what other students like them have studied
