

# End of Cycle 2016 Data Resources

## DR2\_036\_04 Applicants by age

UCAS

**Statistic:** Number of Applicants

**Variables:** Age (Not banded) , Cycle Year

**Coverage:** All

### Definitions

#### Age (Not banded)

Derived from date of birth declared by the applicant, age is aligned with the cut off points for school/college cohorts within the different administrations of the UK. For England and Wales ages are defined on the 31 August, for Northern Ireland on the 1 July and for Scotland on the 28 February the following year. Defining ages in this way matches the assignment of children to school cohorts. For applicants outside of the UK the cohort cut off for England and Wales has been used. Values are displayed for each age between 18 and 64. Please note: if the derived age is outside of the range 11-100 then it is set to 18 by default.

#### Cycle Year

The cycle in which the application was processed.

#### Number of Applicants

Applicant is defined as a person who has made a valid application in the UCAS system.

UCAS: DR2\_036\_04 Applicants by age (All)
