

In this June newsletter, you will hear more about the deadline for accepting university offers, Confirmation and Clearing and a new peer to peer item sharing experience, insight and knowledge from the community of experts.

In country visit - China

Last month, UCAS new Chief Executive, Dr Jo Saxton spent a week meeting advisers, students, and stakeholders in China.

Accompanied by a senior delegation, Dr Saxton and the UCAS team delivered keynote speeches, workshops, and a full day training course for UCAS advisers. One highlight was an event for UCAS [Registered Centres](#) in Beijing; our thanks to Daystar Academy for hosting us and Pearson PTE for sponsoring the event.

Meeting students and parents is always insightful, helping us better understand the decision-making process of young students and the support they get from their parents, and the key role advisers play in that journey.

UCAS colleagues also connected with counterparts in the British Embassy, and at the British Council, to share updates and insights. One key takeaway from the visit is how trusted UCAS is in the service it provides, and something we will continue to build on; providing impartial, independent information, advice and guidance to enable advisers and students make informed, best-fit decisions over their future academic progression.

If you did not get the opportunity to join a UCAS activity in China and are not attending the International Conference later this month, the team will be visiting China again in 2025.

When to reply to university offers

Students who've received decisions from all of their choices, have until 6 June to reply. You can check which students still need to reply in Tracking offers and decisions in the Adviser Portal. If they don't make their replies by 6 June, their offers will be automatically declined. For those eligible, [Extra](#) will be open until 4 July.
