

UCAS Conservatoires End of Cycle 2016 Data Resources

CD1_017_02 Applicants by POLAR3

Statistic: Applicants

Variables: POLAR3 Quintile , Cycle Year

Coverage: UK domiciled undergraduate age 18

Definitions

POLAR3 Quintile

Developed by HEFCE, POLAR3 classifies small areas across the UK into five groups according to their level of young participation in Higher Education. Each of these groups represents around 20 per cent of young people and is ranked from Quintile 1 (areas with the lowest young participation rates, considered as the most disadvantaged) to Quintile 5 (highest young participation rates, considered most advantaged). These groups are assigned using the postcode declared by the applicant at the time of their application. If a UK postcode is invalid, considered unsafe for measurement or there is no link to Census geography possible then the applicant is classified as 'Not Assigned'.

Cycle year

The application year in which the application was processed.

Applicants

An applicant is defined as a person who has made a valid application in the UCAS Conservatoires scheme.
